Putting sustainability to work

We believe that sustainability is successful when it supports and adds value to your business. That’s why we work hand in hand with you to identify your needs and develop products and services to help improve your business. We put sustainability to work, not only for the planet, but also for the benefit of your bottom line, employees and stakeholders.

Tork is dedicated to creating customer value sustainably

Make hygiene accessible to all

Tork skincare dispensers are easy to use for everyone, even for people with reduced hand strength such as the elderly and children.

Save time with easy product choices

85% of Tork refills carry one or more recognised third party Eco-label*

Reduce consumption with smarter dispensing

Innovative dispensing systems reduce tissue use by at least 25%** to 40%***, cutting consumption and waste.

Improving working life through ergonomic packaging

- Tork Easy Handling™ creates customer value through innovation
- We make daily work for cleaners easier and more effective with smart packaging and services
- Ergonomically designed packaging that takes effort out of handling and disposing. Put it to work for your staff, to save time and improve their experience

Reduce waste and usage

High quality paper towels absorb more moisture quickly so you use less and waste less.

Closing the loop for used hand towels

Our recycling service for used paper hand towels helps customers go circular, turning their old hand towels into new paper products. We take responsibility not only for sustainable design and production, but also for giving our products a new life after use.

We take responsibility for the life cycle of our products

We deliver sustainable solutions based on safe, resource-efficient and environmentally sound sourcing, production and development. Life Cycle Assessment (LCA) is also an integral part of development of all new Tork products.

* Tork tissue and skincare refills  ** Statistics from internal research conducted in European countries on 7729 users.  *** Tork Jumbo Toilet Roll against Tork SmartOne® Twin Mini. Reduction accounted in tissue square meters.

Washroom
Making washrooms work for your business
Helping you to choose the right product

Our tried and true combinations are based on our customers’ common needs. Whether you want to make an impression, show you care for your visitors, maintain hygiene standards or keep control of costs, we’ve got something that’s right for you.

What works best for your business?

We develop our product ranges to match the different needs of our customers. What combination is suitable for your business depends on the type of washroom you have, and how often you need to maintain and refill. Find what works best for you based on your washroom profile and your traffic level:

- **Wow Factor Style Washroom**
  When making an impression is important

- **Essential Washroom**
  For basic washroom needs

- **Washroom Plus**
  For extra care and services

- **Hygiene Critical Washroom**
  When hygiene is critical

What we offer

- **Hand drying**
  We offer a complete range of dispensers and refills: from functional options for basic washrooms, to high-capacity systems for demanding environments.

- **Skincare and aircare**
  Our soaps, lotions, and sanitizers are carefully developed to meet hygiene requirements in any environment, while caring for skin.

- **Toilet paper**
  Our toilet paper systems offer convenience, style, and functionality, whether your washroom is big and busy, or small and stylish.

- Single-sheet dispensing helps reduce consumption by up to 40%
- Hygienic because guests touch only the paper they use
- Durable design with metal key and lock that protects the roll and stops pilferage

**SmartCore** – The most convenient way to extract a core – no need for tearing and easier to remove. SmartCore also gives more sheets on the roll while less air in the packaging optimizes transport efficiency.
Wiping and cleaning
The easy choice for the best result
Helping you to choose the right product

Whether you run a restaurant kitchen or an industrial production line, we understand that every second matters. Tork wipes, cloths and dispensers are designed to get the job done with maximum efficiency – keeping your business running smoothly.

What works best for your business?  
What we offer

We develop our product ranges to match the different needs of our customers.

We’ve got a comprehensive range of specialist wipes and cloths, each designed to perform specific tasks. Add one of our dispensers to create an efficient system that controls consumption and cost.

Find the right product for your workplace based on these three simple questions:

What task do you need to do?
Do you need a wiper or cloth for dry or wet wiping, for cleaning to remove oil and grease, or for polishing?

What type of working space or workstation do you use?
Are you at a workstation where you and others need equal access to a dispenser, or do you need to move wipes around to carry out different tasks?

How often does this task get done, and by how many people at once?
Do several people use wipers or cloths during the day, or does one person occasionally need to use them?

Introducing our products

Professional results, no matter how tough the challenge

With Tork exelCLEAN® you get a quality range of low-linting, high performance cloths and wipes. You also get the same reliable performance every time. No more spending time searching through rags for the “right ones”. Benefit your business by increasing employee satisfaction, reducing costs and improving working conditions.

Did you know?
Our exelCLEAN® and patented foam-spun technologies produce nonwoven cloths setting the standard of excellence for safer, healthier and more efficient workplaces.

Could your cleaning process be more efficient?
Independent tests have proven that Tork exelCLEAN® cleaning cloths out-perform rags and rentals by saving time, effort and solvents used for the same task. Using them means up to:

- 35% less time
- 41% less solvents
- 31% less effort

Improved durability:
Refined to improve high-performance durability with a new, uniform construction.

More efficient:
Our packs are now compressed to save up to 26% storage space, requiring less refills, and ensuring the product is there when you need it.

More flexible packaging:
New improved portable boxes with reinforced handle and larger opening to easily access cloths – even with gloves on.
You want everyday spills and messes dealt with quickly, without waste or hygiene risks. Our range of Tork Reflex™ dispensers and refills is developed to control the cost of our customers’ most common hand and surface wiping tasks.

- Control cost – cut down consumption and waste
- Improved hygiene – touch only what you take
- Fits into your work flow for one-handed tasks
- A durable investment suitable for any environment
- Hassle-free refilling with SmartCore®

Tork Reflex™ system

Product recommendations

Industry

The details that matter for better performance
Our industrial products are used to tackle a range of tasks, from preparing parts, cleaning before painting, improving maintenance work or quality control processes and mopping up leaked oil or other spills. We can offer something to meet all these needs, as well as offering industrial level hand and surface cleaning wet wipes.

Preparing parts before production

Tork Industrial Heavy-Duty Wiping Paper
Our strongest paper has superior absorption and protects hands from heat and dirt.
- Extra strong/absorbent thanks to QuickDry™
- Removes oil effectively

Maintenance of machines

Tork Industrial Heavy-Duty Cleaning Cloth
Our thickest and strongest cloth has a high absorption capacity and cleans more efficiently thanks to the exelCLEAN™ effect.
- Protects hands from heat/metals
- Works well with most solvents

Making it easy to create the right experience
Helping you to choose the right product

It’s not enough just to provide satisfactory service – you need to create a great experience to keep reviews positive and customers coming through the door.

When doing this, we know the details matter, and we can help you get them right. Tork is used by more Horeca customers in Europe than any other tissue brand. No matter the needs of your establishment, we’ve got something for you.

What works best for your business?

We develop our product ranges to match the different needs of our customers.

Find the right product for your restaurant based on your service style:

**Self-service**

If customers serve themselves in your restaurant, things need to happen fast, and napkins need to always be at hand, especially during peak times. Refilling, waste management and storage need to be effortless, easy, and convenient.

**Full-service**

If you run a restaurant with table service, you know that the total experience is what keeps customers coming back. This means the design, Colour, and quality feel of your table setting is one of many important things that creates your restaurant’s ambiance.
